

# Our Experience...

Management Team

**DeHumidification Manufacturing, LP** is an engineering and manufacturing company with over 75 years of experience in moisture control. Our product designs are the result of "hands-on" use. With the applied technical knowledge and the learned practical knowledge, our machines have evolved into the lightest, most efficient and easiest to operate desiccant and refrigerant dehumidifiers ever built. Whether it is one of our basic portable machines or one custom built to your specifications, DeHumidification Manufacturing will exceed your expectations.

Calculation programs to build the equipment you need

Large Array of Equipment

**Turn Around Time:** Standard Dehumidifiers in stock. Custom built Dehumidifiers require a 10-12 week lead time

**Service Technician:** Available 24 hours via phone and onsite availability

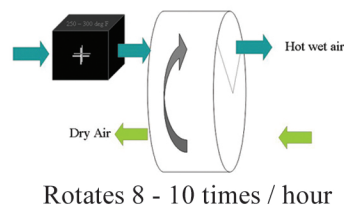

**Training:** Train your staff to do monthly maintenance on equipment and on site trouble shooting

# Our Desiccant Dehumidifiers

- Portability - light weight and small
- Easy Start-up / Shutdown features
- Electric and Gas available
- Minimal Maintenance / 24 hour support
- Easy access to controls and components

## DESICCANT SYSTEM

Electric / Gas Heat

DH-1,000 cfm.....	26 amps / NA
DH-2,000 cfm.....	55 / 8 amps
DH-3,500 cfm.....	80 / 12 amps
DH-6,500 cfm.....	168 / 17 amps
DH-12,000.....	280 / 52 amps

\* 480 V / 3 Ph / 60 Hz & 415 V / 3 Ph / 50 Hz & 230 V / 3 Ph / 50-60 Hz

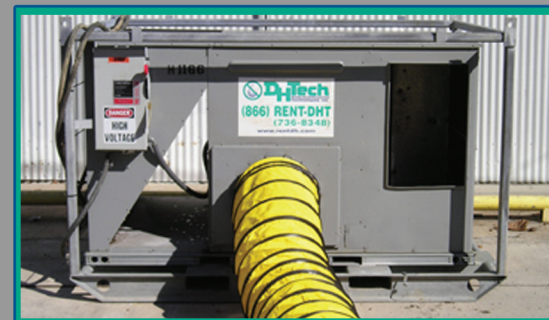

866-736-8348

# Our Refrigerant Dehumidifiers

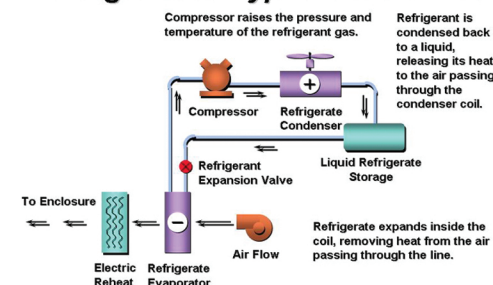

Refrigerant Dehumidifiers

- Large capacity of reheat available
- Fully contained skid for equipment protection
- High static pressure blowers
- Hot gas bypass capabilities

## Refrigeration Type Dehumidifier

Cooling/with Reheat

DH-6 ton DX.....	15/50 amps
DH-12.5 ton DX.....	25/90 amps
DH-25 ton DX.....	65/160 amps
DH-50 ton DX.....	115/224 amps
DH-80 ton DX.....	225/available

\* 480 V / 3 Ph / 60 Hz & 415 V / 3 Ph / 50 Hz & 230 V / 3 Ph / 50-60 Hz

# Other DH Accessories

DH-200 110 volt refrigeration unit

Three speed high volume blower

## Electric Heaters

15 kw.....20 amps  
30 kw.....40 amps  
60 kw.....80 amps  
150 kw.....200 amps

## Indirect Fired Heaters

600M / 1.2MM / 2MM BTU

## Power Distribution Equipment

## Distro Panels

480 volt & 230 volt  
110 volt - 20 amp  
multiple circuits

## Transformers

480 volt / 230 volt

## Flex Duct

25' sections

## Lay Flat

500' per roll
