

Desiccant Dehumidifiers

Electric / Gas Heat

DH-600 / 1,000 cfm.....	19 / 28 amps / NA
DH-2,000 cfm	55 / 8 amps
DH-3,500 cfm.....	80 / 12 amps
DH-6,500 cfm.....	168 / 17 amps
DH-9,000 / 12,000 cfm.....	256 / 280 / 30 / 49 amps

* 480 V / 3 Ph / 60 Hz & 415 V / 3 Ph / 50 Hz & 230 V / 3 Ph / 50-60 Hz

Refrigerant Dehumidifiers

Cooling/with Reheat

DH-6 ton DX.....	15 / 50 amps
DH-12.5 ton DX	25 / 90 amps
DH-25 ton DX.....	65 / 160 amps
DH-50 ton DX.....	115 / 224 amps
DH-80 ton DX.....	225 / available

* 480 V / 3 Ph / 60 Hz & 415 V / 3 Ph / 50 Hz & 230 V / 3 Ph / 50-60 Hz

Accessories & Ancillary Equipment

DH-200	110 volt
Airmovers & Blowers	110 / 230 / 415 / 480 volt
High Static Blowers	2.5k / 5k / 10k cfm
In-Line Heaters	30 / 60 / 150 kw
Indirect Fired Heaters	500M / 700M / 2MM BTU
Cooling Coils	2250 / 4500 / 9000 cfm
Transformers	45 / 112 / 176 KVA
Distribution Panels	12-20 amp plugs
110 / 230 / 415 / 480 V / 1-3 Ph / 50-60 Hz

Water Damage

Our Experience...

Management Team

DH Tech, LP is a service company which supplies dehumidifiers (desiccant and refrigerant), temperature control and other ancillary equipment to water damage/restoration projects for long or short-term rental/service basis.

Service: 24 hours a day / 7 days a week.

Equipment: 200 cfm to 20,000 cfm of various style dehumidifiers and temperature control units

Experience: Over 100 years of hands-on technical and design experience combined.

Locations: Nationwide and globally

USA

Dallas/Ft. Worth, TX	Eustis/Orlando, FL
Corpus Christi, TX	Joliet/Chicago, IL
Houston, TX	Norfolk, VA
Paulina/New Orleans, LA	Wilmington, DE
	Long Beach/Los Angeles, CA

Australia

Brisbane, QLD	Sydney, NSW
Melbourne, VIC	

Thailand

Banglamung/Bangkok

Canada

Edmonton, Alberta

Our Water Damage Services

DH Tech, LP is an industry leader in water damage restoration and has the right project managers, the right equipment and the right technology immediately available on a rental/service basis. We have utilized our desiccant and refrigerant-style dehumidifiers to minimize our customers loss in the following markets:

-  Commercial
-  Industrial/Manufacturing Facilities
-  Educational Facilities
-  Retail

Large Scale Drying

"If water damage is not immediately controlled it will destroy any structure and/or its contents. DH Tech's fast and effective drying techniques will minimize your loss." -Experienced Insurance Adjuster

Electrical Distribution for Air Movers/110 Volt DH's

866-736-8348

Portable Package Unit with Power Pack

Precision dehumidification with the proper design can:

-  Drastically minimize losses from cost of replacement
-  Minimize business interruption and lost revenue
-  Reduce potential mildew and mold growth
-  Allow faster rebuild
-  Create a healthy environment conducive for workflow
-  Minimize and reduce corrosion rates due to contaminants

Technology:

DH Tech LP, utilizes the most advanced technology including:

-  Blend systems to acquire a low dew point at cool temperatures
-  Low vapor pressure
-  Continuous monitoring systems
-  High volume air
-  The ability to use propane, natural gas or electricity as a source of power

Air Distribution System
